WHO WE ARE

A focused procurement partner for private companies

A PRACTICAL LINK BETWEEN DEMAND AND SUPPLY

AoTech Solutions sources materials and products from suitable suppliers in South Africa and coordinates their movement to Angola. We give private companies one point of contact for supplier sourcing, purchasing, documentation, dispatch and delivery follow-up.

Our work begins with a clear client requirement and ends with documented handover. Each order is governed by an accepted quotation, agreed responsibilities and a payment structure that protects the continuity of the transaction.

VISION MISSION AND VALUES

How AoTech Solutions approaches every procurement assignment

VISION

To become a trusted procurement link between businesses in Angola and dependable supply markets in South Africa.

MISSION

To source the correct goods, coordinate each commercial step and keep clients informed from request through delivery.

OUR VALUES

CLARITY

Defined scope, price and responsibilities

ACCOUNTABILITY

Traceable records and order control

FAIRNESS

Transparent fees and agreed costs

RELIABILITY

Consistent coordination and updates

SCOPE OF SERVICES

The services included in our procurement coordination

1

Requirement Review

Specifications, quantities, acceptable alternatives and required dates.

2

Supplier Sourcing

Suitable supplier identification and comparable offers in South Africa.

3

Quotation Preparation

A consolidated commercial offer with stated inclusions and exclusions.

4

Purchasing Coordination

Order placement and supplier follow-up after payment and approval.

5

Logistics Coordination

Collection, freight, dispatch and delivery follow-up for the agreed route.

6

Documentation Support

Coordination of available supplier, shipment and export records.

ASSIGNMENT SCOPE

Services are confirmed for each order. Product availability, inspection depth, freight route, customs responsibility and destination charges are agreed before procurement begins.

OUR PROCUREMENT MODEL

A controlled process from client request to delivery

1

REQUEST

Client submits products, quantities, specifications, destination and required date.

2

SOURCE

We obtain supplier prices, stock information, lead times and commercial terms.

3

QUOTE

AoTech issues one written quotation covering the approved procurement scope.

4

APPROVE

The client accepts the quotation and responsibilities in writing.

5

FUND

The client pays the full accepted quotation before procurement begins.

6

PROCURE

We place supplier orders and coordinate collection and readiness.

7

DISPATCH

The agreed logistics are paid and goods are released for transport.

8

DELIVER

We track progress and coordinate handover with the nominated receiver.

COMMERCIAL MODEL

Transparent fees and pre-funded procurement

12 PERCENT

STANDARD PROCUREMENT FEE

The standard fee is calculated on the approved value of the materials. It covers supplier sourcing, comparison, negotiation, administration and order coordination.

R2 000 MINIMUM FEE

Applied when 12 percent would not fairly cover the work required for a smaller order.

FULL PAYMENT BEFORE PROCUREMENT

The accepted quotation is paid in full before AoTech commits funds to suppliers or logistics providers. AoTech Solutions does not finance client orders.

QUOTED SEPARATELY

- Freight and delivery
- Customs and handling
- Insurance where required
- Bank and transaction fees

ORDER CONTROLS

Commercial safeguards for cross border procurement

WRITTEN SPECIFICATIONS

Critical product details and approved alternatives are confirmed before purchase.

QUOTATION VALIDITY

Supplier pricing and exchange-rate assumptions remain valid for a stated period.

CLEAR EXCLUSIONS

Angolan duties, taxes, storage or destination charges are allocated in writing.

NO UNAPPROVED COSTS

Material changes require the client's approval before additional commitments.

DELIVERY RECORDS

Supplier, dispatch, transport and receiving records are retained for the order.

INSURANCE OPTIONS

Cargo insurance is arranged when requested, available and included in the quotation.

ORDER-SPECIFIC TERMS APPLY

The accepted quotation and procurement agreement define the exact scope, timing, delivery point, risk transfer, cancellation treatment and responsibility for third-party charges.

WORK WITH AOTECH SOLUTIONS

Send us the product list, specifications, quantities, delivery location and required date. We will assess the requirement, source suitable offers and prepare a written quotation for approval.
